

SUBARU

Subaru Connex
eCall Emergency Call System - ready when you need it

Introducing Subaru Connex

Enjoy added convenience and peace of mind with **Subaru Connex**.

When **Subaru Connex** detects a crash, it automatically alerts our 24/7 control room for quick emergency response. Think of it as a priceless lifeline in emergencies.

In case of theft, **Subaru Connex** also helps the police recover your vehicle.

Subaru Connex eCall Voicebox

eCall Emergency Call System

Automatic accident alert & response

In case of an accident, your Subaru will call our 24/7 Call centre (SOC) and provide details of the event - location of the vehicle, severity of the impact and crash speed, and necessary information.

- Our SOC advisor will respond promptly via the Voicebox in your Subaru if emergency assistance is required.
- If there is no response from the driver or occupants via the in-car voice box and the on-board system measures a high severity impact, SOC will then call MERS 999 to request for an Ambulance at the accident site.
- At the same time, our SOC will also inform Subaru's Roadside Assist to send the nearest tow truck to your location.

Enhanced roadside assistance (bCall)

In case of a breakdown (e.g. minor accident, flat vehicle battery, tyre puncture etc.), press the **bCall** button (breakdown call) to talk to Subaru's Roadside Assist who will then send the necessary help to the vehicle's location.

Enhanced emergency assistance (SOS)

In case of a medical emergency (e.g. a heart attack, or if you witnessed an accident and someone needs help), press the **SOS** button to talk to our SOC to request for medical assistance.

Our SOC will contact MERS 999 to send the nearest ambulance to the vehicle's location as soon as possible.

VIP Assist

For Ultimate Confidence, Care & Convenience, VIP Assist is offered exclusively for Subaru Connex customers via the bCall button, which include:

1. Unlimited towing to a preferred authorised Subaru workshop, in case of flood, breakdown or accident.
2. FREE labour charge for on-site repair service (up to RM300 per incident).
3. Transport reimbursement in case of accident repair up to RM2,000* (when serviced at authorised Subaru workshop) **Terms & Conditions apply*

Mobile app

Service profile	Account, User, Vehicle
Smart alarm	Set up Smart alarm where your vehicle should not be driven. If the ignition is switched ON or vehicle is towed, you will be alerted (push notification and email)
